Dear Sirs,

I have been advised by the Boston Museum to send the enclosed coin to you, to see if you could place it, and let me know its value. If you will do this & let me know at your earliest convenience I will be very grateful.

Respectfully Yours
John C. Johnstone.

P.S. I am enclosing 12¢ stamps for return postage.

Dear Sir:

Your coin is known as an Urbs Roma. It was made during and following the period of Constantine the Great. They are exceedingly common, and in the condition yours is in, it is virtually worth nothing.

Very truly yours,

Curator.
